

Chester, NY. – Frozen Ropes and ProMirror are pleased to announce its new partnership formed to accelerate the learning process and ensure all baseball and softball players take the fast track to reaching their full potential.

Combining Frozen Ropes world-class teaching curriculum with ProMirror's Rapid Player Improvement video training technology virtually guarantees ball players of all ages and skill levels will take their game to a new level.

“We are a big believer in visual feedback as a powerful tool for player improvement. Until ProMirror came along the ability for all our coaches and students to immediately benefit from video was limited. Now thanks to ProMirror we use video in every lesson and with every student. Instant video feedback inside cages and tunnels during live lessons is the right way to do it. “

Tony Abbatine
Frozen Ropes Founder/CEO

“Working with players and seeing improvement is what makes an instructors job rewarding. Since we starting using ProMirror, we’ve seen significant improvement with our players. Their grasp of new concepts and ability to quickly gain confidence and master new techniques has reached unprecedented levels.”

Kevin Zaug
Frozen Ropes Senior Instructor, Frozen Ropes NY

“We are extremely pleased to be associated with Frozen Ropes. Their commitment and track record of providing first-rate instruction to players at every level of the game is unmatched.”

Wayne Ryder
ProMirror, Inc.

In addition to Frozen Ropes, ProMirror is currently used by several MLB organization including the New York Mets and Arizona Diamondbacks.
